Ideal for parents or caregivers of children under the age of 6, this six week class series will provide you with a unique and in-depth experience with the Positive Discipline model. You will learn many non-punitive, mutually respectful tools that provide children with opportunities to develop valuable skills. You will have fun learning positive ways to invite cooperation, reduce power struggles, guide with kindness and firmness at the same time as well as better understand young children's development, temperament and age appropriateness.

This class is based on the Positive Discipline book Positive Discipline for Preschoolers by Jane Nelsen, Cheryl Erwin & Roslyn Ann Duffy. Related handouts and latest edition of the book (2019) will be included.

Facilitated by Saleha Hafiz,
